## GARDNER & BAXTER

### GRAND RAPIDS' FINE STALLION.

#### STRIKING LIKENESS OF "COL. BRIGGS," JOHN O'DONNELL'S VALUABLE HORSE.

Appended is a fine likeness of "Col. Briggs," the stallion that has cut a wide swath in trotting circles this season. He is the property of John E. O'Donnell, and justly proud of him as the young owner. "Col. Briggs" has proven himself a race horse of no mean calibre, and in each succeeding race he has been in this season he has shown more speed. On one occasion "Col. Briggs" showed a mark of 22 in the fifth heat of a race after capturing two events that week, trotting nine heats, winning second and in the third heat going 20% on a half mile track. Mr. O'Donnell is fortunate to possess such a valuable horse. C. E. Fox, the well known trainer, brought out the stallion and feels confident he can drive him better than 15 next season. "Col. Briggs" was sired by "Hamilton," dammed by "Fred B. Hine," who was sired by "Florida," thus making "Col. Briggs" the strongest of blooded horse in the state. The stallion will be bred to a limited number of mares this fall, then will go next season to beat the stallion record of the state next season.

### "To All Catarrh Sufferers"

I Recommend Pe-Ru-Na." Says Mary Massay, Clinton, Texas.

She Speaks From Experience.

The tendency of catarrh of the head is to pass downwards through the bronchial tubes to the lungs. Any one who has had catarrh of the head a year or more finds the disease gradually progressing downwards. In some cases the progress is rapid, and in other cases it is slow; but sooner or later, if catarrh is allowed to run, it will go to the lungs and set up the disease known as consumption. It is doubtful if consumption is ever caused by anything except catarrh.

The catarrh usually begins as a cold in the head or throat and is neglected until it becomes chronic; then it begins to dawn on the victim that he has catarrh. Unless he is very foolish indeed he will not rest easy until the catarrh is entirely cured. Thousands pay no attention to it until it is too late.

If Pe-Ru-Na is used, the cold never becomes chronic, and hence catarrh is prevented. But after catarrh has become thoroughly established, Pe-Ru-Na will cure it, but it will take much longer. Even in cases where the catarrh has already attacked the lungs and the symptoms of consumption have shown themselves, the Pe-Ru-Na will cure. A great many cases of the genuine consumption have been cured with Pe-Ru-Na after the patient had been given up to die.

For further particulars send to The Pe-Ru-Na Drug Manufacturing Company of Columbus, Ohio, for a free copy of "Catarrh Disease," which gives much information on catarrhal diseases.

### Rheumatism.

Is emphatically a blood disorder caused by inability of the kidneys to throw off certain poisons which accumulate in the tissues about the joints and muscles.

P. P. P., very simple, quickly and surely cures this disease, neutralizing impurities in the blood. Experience and science both endorse P. P. P., as the only infallible blood purifier known.

Office of J. F. GREER, COUNTY JUDGE, GREEN COVE SPRINGS, CLAY CO., FLA., May 22, 1891.

Centlemen: Twenty three years ago I was attacked with inflammatory rheumatism. I was attended by the most eminent physicians in the land. I visited the great Saratoga Springs, N. Y., and the noted Hot Springs of Arkansas, and many other watering places, and always consulting with the local physician for directions; finally came to Florida ten years ago.

About two years ago I had a severe attack of rheumatism, was confined to my room for twelve weeks and during that time I was induced to try P. P. P. (Fricky Acid, Piko Root and Potassium), knowing that each ingredient was good for impurities of the blood; after using two small bottles I was relieved; at four different times since I have had slight attacks and I have each time taken two small bottles of P. P. P. and been relieved, and I consider it the best medicine of its kind. Respectfully, J. F. GREER.
